

DANNHAUSER LOCAL MUNICIPALITY KZN 254

Final Budget 2025/26 Financial year

Medium Term Revenue and Expenditure Framework

Part 1 – Final Annual Budget

Mayor's Speech

Introduction

To the Honourable Speaker, EXCO members, Councillors, Amakhosi, the Municipal Manager, Heads of Departments, municipal officials, and members of the community.

- It is my pleasure, in my capacity as Mayor of the Dannhauser Local Municipality, to present the Final medium-term revenue and expenditure framework (MTREF) for the 2025/2026 financial year and ensuing two years. In terms of section 24(1) of the Municipal Finance Management Act (MFMA) No. 56 of 2003: "The municipal council must at least 30 days before the start of the budget year consider approval of the annual budget."
- Thus, considering the provision of the MFMA as stated above, I present to you all the Final MTREF for 2025/2026 to 2027/2028. The intention is to bring forth the highlights contained within the draft budget in its current form to facilitate a process of consultation leading to the compilation of a final budget for the 2025/2026 financial year. It is indeed our stated intention, as the Dannhauser Local Municipality, that the final budget for the 2025/2026 financial year be adopted at the end of May 2025 and should be a product of rigorous review and extensive consultation such that the limited resources available are allocated towards satisfying the community's priorities and that the budget preparation process itself complies with relevant legislations.

Thus, considering the legislation that regulates the entire budget preparation and approval processes. Council must, by the end of these proceedings, approve and adopt resolutions, in terms of section 24 of the MFMA, the Final mSCOA budget of the municipality for the financial year 2025/2026 and the multi-year and single-year capital appropriations, the financial position, cash flow budget, cash-backed reserve/accumulated surplus, asset management and basic service delivery targets as detailed in the municipality's MTREF document.

The Council of Dannhauser local Municipality, acting in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000), must also approve and adopt with effect from 1 July 2025, the tariffs for property rates, tariffs for solid waste services and tariffs for other services.

The council should note that the municipality is currently transacting on mSCOA version 6.9 in terms of the current circular No 130, Municipal Budget for 2025/26 MTREF.

The main challenges experienced during the compilation of the 2025/2026 MTREF can be summarised as follows:

- The on-going difficulties in the national and local economy. As In terms of circular 130 2025/26 MTREF Budget inflation targets, Consumer inflation is projected to average 4.3 per cent in 2025 and 4.6 per cent in 2026, picking up slightly as the value-added tax (VAT) increase pushes up prices.
- The unemployment in the community that we are serving, having a negative impact on the collection of revenue, and increasing number of indigents. Ageing and poorly maintained of roads and municipality buildings.
- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality.

➤ Non-payment culture by consumer debtors, especially the residential category. However, given the challenges above, the municipality has also considered the institutional strategic objectives and priorities when compiling the draft mSCOA budget to ensure that the limited resources are prioritized to meet the needs of the community and ensure that service delivery is evident by Dannhauser community.

The Final budget presentation reflects the following summary estimates:

KZN254 Dannhauser local Municipality Revenue and Expenditure 2025/2026

Budget Summary, it important that municipality ensures that it tables the budget that is credible and funded.

HIS WORSHIP, THE MAYOR

COUNCILLOR BA RADEBE

Key Focus Areas for 2025/26 Budget Process in Dannhauser Municipality

1. Grants allocation per 2025/26 DORA framework

Grant Allocation 2025/26	Adjustment budget 2025	Budget Year 2025/26
MIG INFRASTRUCTURE GRANT	24,921,000.00	26,095,000.00
FMG GRANT	1,900,000.00	2,000,000.00
EQUITABLE SHARE	120,689,000.00	113,769,000.00
EQUITABLE SHARE - COUNCILOR ALLOWANCES		5,983,000.00
DISASTER GRANT	11,250,000.00	11,250,000.00
EXPANDED PUBLIC WORKS PROGRAMME	1,770,000.00	1,569,000.00
NATIONAL GRANTS	160,530,000.00	160,666,000.00

2. Revenue Budget

The weak economic growth has put pressure on consumers' inability to pay for services, while transfers from national government are growing more slowly than in the past. The municipality finances are not looking good, and the municipality need to improve the collection percentage to avert being in a disastrous situation. The municipality rely on the revenue collected from Rates and Service charges other than the government grants. Our debtor's book has risen to R 81.4 million for property rate and 6.8 million for refuse due to the consumers' inability to pay for services. There is a need that we focus on collecting revenue owed, furthermore as the municipally we need to have revenue strategies on how to improve revenue without only relying on rates and services. The 2025/26 tariffs will decrease from 4.9 % to 4.4%.

3. Employee Related Costs and Councillors remuneration

In terms of the agreement, all employees covered by this agreement shall receive an increase with effect from 01 July 2025 and 01 July 2026 an increase based on the projected average CPI percentages for 2026 (4.3 per cent according to the Reserve Bank's Monetary Committee Statement for January 2026) and 2027 (4.6 per cent according to the Reserve Bank's Monetary Committee Statement for January 2027). The forecasts of the Reserve Bank, in terms of the January 2026 and January 2027, shall be used to determine the projected average CPI. Municipalities are encouraged to perform an annual head count and payroll verification process by undertaking a once-a-year manual salary disbursement, to root out ghost employees. Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance.

4. Conditional Grants Transfers to municipalities

The equitable share release criteria for 2025/26 were set out in MFMA Circular No. 122. To assist with managing this process, a guiding checklist has been developed which municipalities can follow throughout the course of the year to ensure that the required documents are timeously uploaded to the GoMuni platform in line with the prescribed deadlines. In terms of Section 21 of the Division of Revenue Act, 2022 (Act No.5 of 2022) (DoRA) in conjunction with the Division of Revenue Amendment Act, 2022 (Act No. 15 of 2022) (DoRA), the Act requires that any conditional allocation or a portion thereof that is not spent

at the end of the 2025/26 financial year reverts to the National Revenue Fund (NRF), unless the rollover of the allocation is approved in terms of subsection (2). Furthermore, the receiving officer, provincial treasury and national transferring officer is required to prove to National Treasury that the unspent allocation is committed to identifiable projects, in which case the funds may be rolled over.

Underlining principles for the Final Budget

- According to the NT circular inflation has been assumed at 4.3% in 2025/26, 4.6% in 2026/27 and 4.5% in 2027/28 in line with Municipal Budget Circular 130 for the 2025/26 MTREF.
- Realistically anticipated revenues to be collected
- Tariff increases are in accordance with the guidelines which are based on the SA inflation rate;
- Projects and programs must be within affordability limits;
- Only funded projects that are ready for implementation will be prioritized in the 2025/26 financial year;
 - The operating expenditure baseline was reduced, and the focus must be on efficiency gains and the principle of value for money (doing more with less, while prioritizing service delivery);
 - Some projects are recommended to be multiyear projects to spread the funding amongst to the outer years in order to ensure Dannhauser Municipality submit and approve a funded budget
- The budget must be aligned to the IDP priorities; 2024/25 Adjustment budget priorities and targets as well as the baseline allocations contained in the approved adjustment budget; the grants allocated in DORA for 2024/25 financial year.
 - Salary increases have been estimated at 4.3 % in 2025/26 whilst waiting for the Bargaining Committee's approved Salary and Wage Agreement and
- The budget related policies are being reviewed and where any adjustments are required, the revised policies will be attached to the final item for approval.

2025/2026 MEDIUM-TERM REVENUE AND EXPENDITURE FRAMEWORK

	239,645,733

Income Source 2025/2026

Analysis of Revenue

Assessment rates

The estimated budget for the assessment rates were calculated based on the existing Valuation Roll. Rates assessment will increase by 4.4% which in accordance with CPI circular 122.

Service charges

The Dannhauser municipality only have one service charges, the Refuse removal. The budget has been based on current years billing.

Interest on Investment income

Interest on investment was underbudgeted in the current year by R 1. 3 million then during the adjustment budget it was increased to R 2.2 million. This was encouraged by the interest received which was the doubled the budgeted amount in the mid-year review. The proposed budget for interest has been slightly decrease to R 1.5 million as result of the decrease in investments.

EXPENDITURE FINAL BUDGET PROPOSAL

Description	Final budget year 2025/26	Proposal Budget year 2026/27	Proposal Budget year 2027/28
Expenditure
